Research Methods in computer science
Fall 2014

Lecture 6

Omprakash Gnawali
September 15, 2014
Agenda

Research Conference Updates
Experiment Design
Metric Design
Project Design

What project should we work on?

Do all projects need experiments?

What are different forms of experiments?
Metric Design Exercise

Project: Instruction system (HCI)

Goal: Make furniture assembly faster

Possible metrics and experiments?
Metric Survey Exercise

List and define all the metrics used in the ten research papers from HW2.

We will collect them and look at them together in next class.
