A2 grading: **Got questions, see Venkat in person. His hours are posted on his web page.**

Some tests are too long - could be broken into simpler tests. Program works well. - 95

Not enough tests. Program too complex. - 90

Expected more tests, though program worked well and tests were shorter - 95

Test can be improved quite a bit, program worked well and different versions turned in as well - 95

Very low on number of tests - 70
